The section titled “Selling Securityholders” in the prospectus, as previously amended, is superseded in its entirety with the following:

### SELLING SECURITYHOLDERS

We originally issued the Notes to the initial purchaser, Banc of America Securities LLC, in a private placement on May 30, 2006. The Notes were resold by the initial purchaser in the United States to qualified institutional buyers pursuant to Rule 144A under the Securities Act. Selling securityholders, including their transferees, pledgees, donees or successors, may from time to time offer and sell the Notes and the underlying common stock pursuant to this prospectus or any applicable prospectus supplement.

The table below sets forth, as of January 9, 2008, the name of each selling securityholder, the principal amount of Notes and number of shares of common stock beneficially owned by each selling securityholder, and the principal amount of Notes and number of shares of common stock issuable upon conversion of those Notes that may be offered from time to time under this prospectus by the selling securityholders named in the table.

Because the selling securityholders may offer all or some portion of the Notes or underlying shares of common stock listed below, we have assumed for purposes of this table that the selling securityholders will sell all of the Notes and all of the underlying shares of common stock offered by this prospectus pursuant to this prospectus. See “Plan of Distribution.” In addition, the selling securityholders listed in the table below may have acquired, sold or transferred, in transactions exempt from the registration requirements of the Securities Act, some or all of the Notes since the date on which they provided to us the information presented in the table.

We have prepared the table below based on information given to us by those selling securityholders who have supplied us with this information on or prior to January 9, 2008 and we have not sought to verify such information. Based upon information provided to us by the selling securityholders, none of the selling securityholders nor any of their affiliates, officers, directors or principal equity holders has held any position or office or had any other material relationship with us or our affiliates or predecessors within the past three years.

However, since this prospectus is not applicable to any sale of Notes after such Notes have been publicly sold utilizing the prospectus, no more than \$100,000,000 aggregate principal amount of Notes, nor more than 9,410,350 shares of our common stock, can be sold utilizing this prospectus. Only selling securityholders identified above who beneficially own the Notes and the underlying shares of common stock set forth opposite each such selling securityholder’s name in the foregoing table on the effective date of the registration statement of which this prospectus is a part may sell such securities pursuant to the registration statement. Prior to any use of this prospectus in connection with an offering of Notes or underlying shares of common stock by any holder not identified above, the registration statement of which this prospectus is a part will

The prospectus, as amended or supplemented, will also disclose whether any selling securityholder selling Notes or underlying shares of common stock in connection with such prospectus has held any position or office with, has been employed by or otherwise has had a material relationship with us or our affiliates or predecessors during the three years prior to the date of the prospectus, if such information has not already been disclosed herein.
